For appn. I do not see why same compensation should not have been claimed in regard to the extent of quarry belonging to forest. We have been claiming ground rent in respect of forest plantations & on this analogy, we could have demanded same compensation for the portion of quarry in occupation of forest.—

Dear Sir,

Sub:- Quarry Camps - P.O.W.

With reference to your letter No.156/2/193/71/Q dated 9th March 1943 regarding the above, I write to state that the quarries required by the Military have been inspected by the Civil Officer in company with Major Walker and the Garrison Engineer. A copy of the Civil Officer's detailed report giving particulars of the extent of the quarries as demarcated by the Garrison Engineer and the monthly compensation payable there on is enclosed. The compensation proposed by the Civil Officer in respect of both the quarries seems to be reasonable and may be accepted. The Military authorities may take possession of the quarries as demarcated by the Garrison Engineer subject to payment of a monthly compensation of Rs.627/- as recommended by the Civil Officer. The new arrangement will come into effect from the date on which the Military actually occupy the quqrries.

Yours sincerely,
Sd. M.G. Mehkri

COPY of D.O. No. MBl.1070/42-43 dated 25th March 1943 from the Civil Officer, Bangalore, to the Revenue Commissioner & Civil Representative in Mysore, Bangalore.

With reference to your D.O.No.C.L.O.373/42-43 dated 20-3-43, I beg to state that I contacted Major Walker on Monday the 22nd at the appointed time and accompanied him and the Garrison Engineer to the quarries and ascertained their views. Major Walker gave me to understand that the previous arrangement by which the owners of the quarries had to supply boulders for breaking into metal was not satisfactory and it was essential that the quarries should be taken over by the military and run by the Garrison Engineer and he should employ on definite rates the men required to burn add blast the stones. He accordingly demarcated the areas he wanted in the two quarries at Narayanapur and Lakkasandra. These were got measured. The area required in Narayanapur quarry works up to 3 acres 20 guntas, while that in Lakkasandra quqrry would be 4 acres 20 guntas. Mr. B.R. Garudachar, the owner of the former quarry has consented to lease out the area required in his quarry until such time as the military want it on Rs.250/- per month and he has entered into a written agreement to this effect. I think this rate is very fair, as it is ascertained that Mr. Garudachar would have realised an income of Rs.500/- per month at the present market rate. This offer may be accepted. Mr. Garudachar says that there will be much dislocation of the labour he has already employed and he would be subject to heavy loss likely to be caused by indiscriminate blasting. In my opinion, there would not be any serious dislocation, as the owner is free to employ his labour over the remaining portion of the quarry left for him and which is nearly 5 acres in extent. The Military, it is learnt will employ about 500 men on this work, and they are likely to quarry 500 cubic yards of metal per month and at the present market rate of Rs.3-8-0 per cubic yard, income for them works up to Rs.1750/-. The military could very well afford to pay the owner Rs.250/- per month, which is a very reasonable sum.

In Lakkasandra, the area required is roughly 4 acres 20 guntas of which 1 acre 22 guntas in private holding, and the balance of 2 acres 38 guntas belongs to Government, and out of the latter an extent of 6 guntas has been leased out to private individuals. No compensation need be paid in respect of 2 acres 32 guntas, which belongs to Government and has not been leased out to any body. The area for which compensation is payable works up to 1 acre 28 guntas only and this belongs to 5 different individulas. These persons, it is ascertained have spent huge sums of money for excavating the earth and bailing out water to get at the rock, and this has to be taken into consideration in assessing the compensation. These persons have also been persuaded to lease out their respective quarries on a lumpsum payment of Rs.377/- per month. These are all poor people solely depending on these quarries for their livelihood and their case has to be sympathetically considered. They have all together executed an agreement before me consenting to lease out their quqrries at the rate specified by them. It seems fair and may be accepted. The Military may be informed that they might take possession of the quarries as demarcated on the land subject to payment of compensation as recommended above. The total compensation payable in respect of the two quarries works up to Rs.627/- as noted in the margin. This new arrangement will have to come into effect from the date on which the military actually occupy the quarries on the conditions above.

Narayanapur quarry	Rs.250/- p. month.
Lakkasandra quqrry	Rs.377/- " "
Total	Rs.627/-

D.O. letter No. M.B.1-1174/42-43 dated 2nd April 1943 from the Sub Division Officer and Civil Officer, Bangalore, to the Revenue Commissioner and Civil Representative, Bangalore.

-

While inspecting the Quarry in Narayanapur on the 22nd ultimo, Major Walker pointed out to me a triangular pit of land in that - - village measuring about 32 guntas adjoining the P.O.W. Camp there and said that necessary action may be taken for its acquisition. This land is a portion of survey No. 134 and belongs to Mr. B.R. Garudachar. The owner has no objection to lease it out subject to the - condition that a temple and 3 trees standing thereon were left intact The Military may be permitted to occupy the land conditional to payment of a compensation at Rs.30/- per acre which works up to Rs.24/-. It is payable from 1943-44. A copy of letter No. 157/32/2/Q from H.Q. 160 L of C Sub Area, Bangalore, is enclosed for favour of ready reference.

Dear Sir,

Subject:- Employment of Prisoners of War Adugodi and Bommenahalli Quarries.

With reference to your letter No. 156/2/164/60/Q dated 9th April 1943 on the above subject, I write to enclose herewith a copy of the Civil Officer's report No. M.B.1-1232/42-43 dated 15-4-1943 since received in the matter. It is reported that one quarry is situated in the limits of Adugodi and the portion of this required by the Military is owned by Mr. S. R. Hanumappa and the other is in the limits of Bommenahalli owned by 3 individuals. The Civil Officer has recommended a compensation of Rs.100/- per month in respect of the former and - - Rs.50/- per month in respect of the latter. The owners of the quarries have agreed to lease out their portion to the Military authorities.

There is no objection to the Military authorities - - employing Prisoners of War on these two quarries subject to the payment of compensation recommended by the Civil Officer.

Subject:- Employment of Prisoners of War.

With reference to letter No. 156/2/164/60/Q regarding the above, I beg to state that I have made the necessary enquiries. One quarry is situated in the limits of Adugodi and a portion of this is owned by one S.R. Hanumappa and the Military want this. He demands a compensation of Rs. 200/- per month. I am of opinion that Rs. 100/- might be allowed. The other portion is owned by one Annayappa and if the Military were to require it also, a separate recommendation will be made for compensation.

The other quarry requisitioned is in the limits of Bommenahalli. This belongs to 3 individuals and they have all agreed to allow the Military to have the use of it. A lumpsum compensation of Rs. 50/- may be awarded in this case. There is no objection to allow the Military to employ the prisoners of war on these quarries.
